

DEPARTMENT OF BENEFIT PAYMENTS

October 7, 1974

ALL-COUNTY LETTER NO. 74-200

TO: ALL COUNTY WELFARE DEPARTMENT

OBSOLETESuperseded by ACL # 77-15Issued 3-17-77

SUBJECT: JULY 1974 AFDC SURVEY (FORM TEMP 1000)

REFERENCE:

With your help, the State Department of Benefit Payments is again conducting a statewide census of a sample of the families in California who were on Aid to Families with Dependent Children (AFDC) in July 1974. This survey (Form Temp 1000) has been designed specifically to provide much of the information which, it has been learned from experience, will be needed during 1975 to estimate the effect on AFDC families and their grants of proposed amendments or additions to the Welfare and Institutions Code, of various decisions in court cases, of changes in the EAS Manual regulations or of proposals from any other source which might affect the program.

The survey will be of families in both the Family Group (FG) and Unemployed Parent (U) segments of the AFDC caseload that were active during July 1974, whether actually entitled to a grant amount or not. Attached for your county is a listing of the sample cases to be included in the survey. A sufficient number of survey schedules (Form Temp 1000) and instructions (printed on the reverse of the form) is being forwarded under separate cover. Some counties, for which no sample cases were selected, and which do not have to participate in the survey, are listed below. They will receive a copy of the schedule solely for information.

Alpine
Del Norte
Glenn
Inyo
Modoc

Mono
Plumas
San Benito
Sierra
Tehama
Trinity

The schedules are to be completed only for those cases on the sample case listing. To avoid possible bias in the survey, we ask that there be no substitution of cases or of study month. If a case was discontinued as of June 30 or earlier, and was not restored in July, enter the effective date of the discontinuance on the listing. If a case with aid code 30 (AFDC-FG) is now aid code 35 (AFDC-U) or vice-versa, write the correct code for the case on the listing, and submit a schedule for the applicable case.

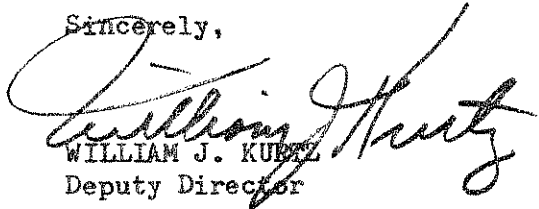

In lieu of entering data in certain items on the survey schedule, counties are also being given the option of submitting photocopies of applicable case forms which are routinely used in determining AFDC and Food Stamp eligibility as well as in computing the amount of the July grant.

Schedules are to be completed by November 15, 1974, and sent to:
